

# ***SharC***<sup>™</sup> **End Mill Specials ASAP**

Custom tools delivered in 3 weeks or less!

Toolmex is pleased to offer SharC End Mill Specials with an industry-leading 3 week delivery time. Our custom end mills are manufactured to the highest quality and accuracy and are put through a thorough inspection process before leaving our factory. Custom tools are made of the highest grade Solid Carbide and can include the same features and functions as our standard SharC tools or you can specify a completely new tool designed for your application. Toolmex has the answer with the SharC ASAP.

**To request a Special and receive a quotation,  
please complete the form on reverse side  
as fully as possible and submit to Toolmex via:**

Website: ***www.toolmex.com/sharcasap***
